## A Note from Ron Belville

Since 1981, my vision has been to offer superior pharmacy services to both the residents and staffs of the communities we serve.

This adventure is not taken lightly. It takes a committed and superior group of people to succeed in this mission.

We have on staff the best pharmacists, nurses and support personnel. Some of whom have been with us for 20 years and more.

There really is a difference in our service and we want you to be able to share it with your staff and residents. We invite you to drop by the pharmacy, take a tour and see for yourself our commitment to excellence.

I guarantee personalized service, from phone call to delivery. Every minute of every day.

Sincerely,

Ron Belville, PharmD
