

A Note from Ron Belville

Since 1981, my vision has been to offer superior pharmacy services to both the residents and staffs of the communities we serve.

This adventure is not taken lightly. It takes a committed and superior group of people to succeed in this mission.

We have on staff the best pharmacists, nurses and support personnel. Some of whom have been with us for 20 years and more.

There really is a difference in our service and we want you to be able to share it with your staff and residents. We invite you to drop by the pharmacy, take a tour and see for yourself our commitment to excellence.

I guarantee personalized service, from phone call to delivery. Every minute of every day.

Sincerely,

Ron Belville, PharmD

Flexible Programs, Service Driven

Every minute of every day, Ron's Pharmacy Services offers flexible programs designed to meet the needs of each facility. We align our resources and services to meet your expectations. Our service driven staff will provide personal attention to help you achieve the results you desire.

- We answer our phones. You will reach a qualified representative 24 hours, 7 days a week.
- We provide policy & procedure manuals, fax machines and customized medication carts as needed.
- We have our own professional fleet of delivery drivers.
- We have invested in technology to allow more medications to be returned and reduce waste.
- Our contracts are simple. There are no "for cause" clauses or legal threats for termination and no multi-year commitments.

Ask About eMAR

Ron's Pharmacy Services eMAR (Electronic Medication Administration Record) is a complete workflow and management system. eMAR technology ensures enhanced workflow efficiency, medication charting accuracy and a safer medication management process to ensure your facility provides superior resident care.
