

Ron's Pharmacy Services

Exceeding Your Expectations

Expect the difference with personal touch...

We always answer our phone at Ron's Pharmacy Services. Reach a qualified representative 24 hours, 7 days a week including holidays. We are here to give your staff complete support.

Expect reliable dispensing...

Each order is checked for accuracy and every prescription fulfillment is triple checked for proper medication and dose.

Expect timely delivery...

Ron's Pharmacy Services has its own fleet of vehicles, staffed by the very best drivers. We make deliveries to your area several times a day and always free of charge.

Expect billing accuracy...

Ron's Pharmacy Services only bill responsible parties for copayments. We accept all prescription plans and all credit cards.

Expect support and training...

We provide very experienced nurse consultation services free. Our training classes on many topics are held several times per year.

Expect competent customer service...

Ron's Pharmacy Services staff can answer most questions with one phone call to provide total support to your facility staff and residents.

A Note from Ron Belville

Since 1981, my vision has been to offer superior pharmacy services to both the residents and staffs of the communities we serve.

This adventure is not taken lightly. It takes a committed and superior group of people to succeed in this mission.

We have on staff the best pharmacists, nurses and support personnel. Some of whom have been with us for 20 years and more.

There really is a difference in our service and we want you to be able to share it with your staff and residents. We invite you to drop by the pharmacy, take a tour and see for yourself our commitment to excellence.

I guarantee personalized service, from phone call to delivery. Every minute of every day.

Sincerely,

Ron Belville, PharmD

Serving All of Southern California Since 1981

It really is all about the people you work with...

Ron's Pharmacy is not a place, it is a family of devoted people who have been serving residents and facilities in Southern California longer and more

consistently than any other pharmacy in the region. The name may have changed, but over the last 30 years, Ron and Janna Belville and a devoted staff have evolved and maintained our vision while the industry has changed dramatically.

With a family of over 200 employees, and growing, We would like to acknowledge the members that have been part of the Belville family for over 10 years. Our success is due to our customer service provided by our highly qualified employees and their dedication to serving the long term care community. We invite you to stop by for a tour to meet the pharmacy family.
